

Marker Blending Techniques

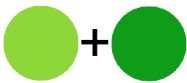

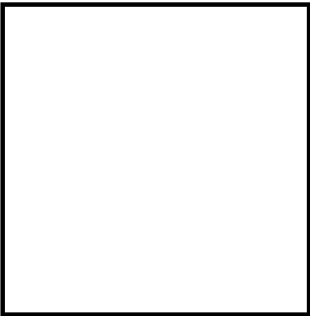

Practice your marker blending by combining the colors listed below in their specific boxes. Always put the *lightest* color down first (yellow, light green, light blue, etc) before adding the darker color. Tip: Blend using the large, flat side not the tip.

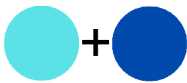

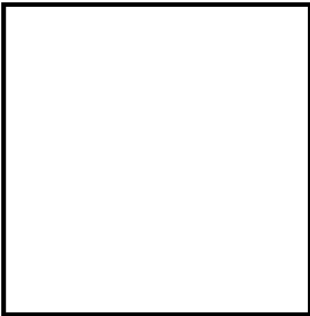

yellow + yellow

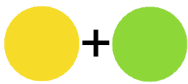

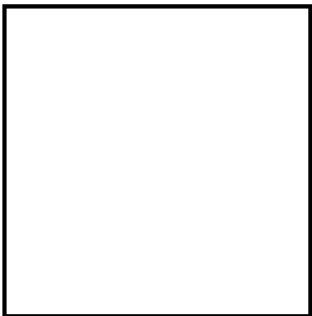

yellow + orange

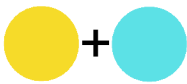

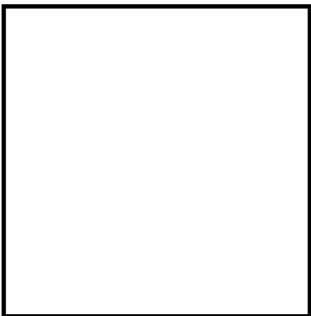

light green + dark green

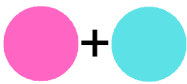

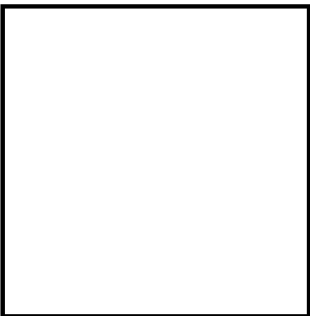

light blue + dark blue

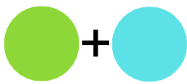

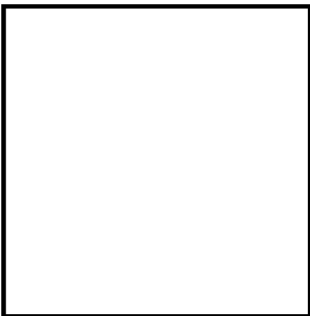

yellow + green

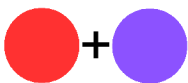

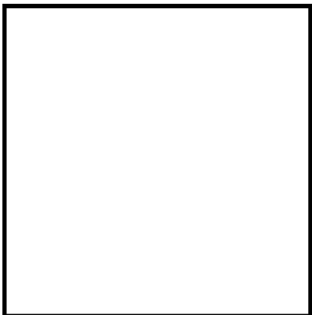

yellow + blue

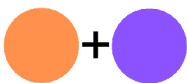

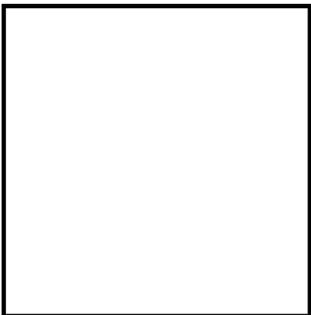

pink + blue

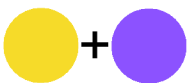

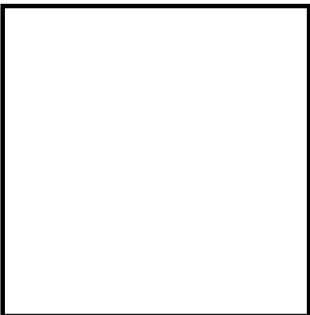

green + blue

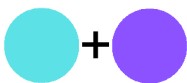

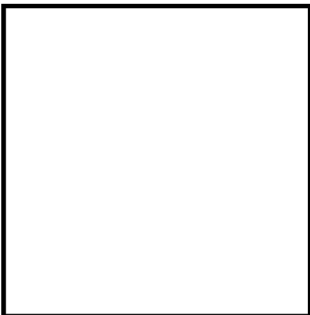

red + purple

orange + purple

yellow + purple

blue + purple
